Florenca had a large knife under his coat which Murphy was trying to get at when the shooting occurred. Florenca will be prosecuted for assault to murder and other German banks as well as a number of English firms are involved. The assets are reported to \$500,000. The firm enjoyed a high reputation and did a large business in shellac, cerasine and carnaub, manufactured candles on a large scale for use in churches.

## STATE TROOPS AT PRIZE FIGHT.

Governor Sends Militia to Stop Davenport Bout.

Soldiers Enjoy Sport from the Ring-side Seats.

Club Prevents Trouble by Withholding Decision.

(BY DIRECT WIRE TO THE TIMES.)  
DAVENPORT (Iowa) Nov. 21. (Exclusive Dispatch.) Packy McFarland and Kid Herman fought a fierce fifteen-round prize fight here tonight, with two companies of state troops around the ring.

The fight was just as bloody as the most ardent pugilist fan could desire, but Gov. Cummins had two orders issued to the militia to stop the fight and there was no decision. But there was a fight just the same and Herman had the worst of it.

With all preparations completed and 6000 visitors in town, brought up to a high state of expectancy, the following telegram, filed at Des Moines at 6:22 p.m., was received by Sheriff Eckhardt from Gov. Cummins:

"I have seen today a notice of an alleged sparring exhibition advertised for Davenport tonight and I am convinced that it is to be a prize fight and not a boxing match. I have directed Capt. Kulp of the State militia at Davenport to call out his company and stop it. I ask you to cooperate in every way possible."

Company "B" marched from the armory to the Coliseum, where a crowd of more than 6000 was clamoring for admission. The militia company from Muscatine, thirty miles distant, also was called out, arriving by special train.

A Chicago special with 1000 fight fans arrived at the Rock Island station at 1:15 p.m., only to learn that the fight had been called off.

Burgling throughs marched through the streets voicing intense disappointment at the Governor's eleventh hour action in calling off the militia. The club, however, proceeded with arrangements and at 11:15 the men entered the ring for the first preliminary and tremendous applause.

There were two preliminary rounds of six rounds each. Kid Giese of Davenport got the decision over young McGovern of Chicago. In the fifth, Packy McFarland, who had been knocked out by the ring, was brought back by the referee. Young McGovern got the best of Dix Mackay of Cleveland.

At 11 o'clock, Packy McFarland and Kid Herman entered the ring, amid great applause. Announcement was made that no decision would be given. In McFarland's corner were Harry Gilmore, and Manager Harry Gilmore, Jr. Pat Kennedy and Jack Barber. Kid Herman's seconds were Dave Barry, Mike Lewis, Johnny Coulton and Joe Gellman.

The fight went for the full fifteen rounds, Herman getting the worst of it after the fourth round. In the fifth, Packy had his antagonist worried and in distress in the sixth. In the seventh, McFarland scored heavily on Herman's head in the eighth and ninth. In the eleventh, Herman went to his knees, and took the count of nine. The bell saved him.

Again, in the twelfth, Herman barely escaped a knock-out. He was knocked down, but was able to get up, however, to stay for three more rounds, finishing the fight.

Gov. Cummins' direct correspondence with the Sheriff for several days relative to the fight. Early in the week he informed the Sheriff that he expected to see the law obeyed.

It is said that the Sheriff laughed at the order, but yesterday the Governor received a letter from the Sheriff, in which the latter said that he had no knowledge that the law was in danger of being violated.

The Iowa law is that there can be no boxing exhibition where a purse is given and admission charged. The promoters claim that there was no admission charged, and that all spectators of the fight were admitted to the club.

The Governor wired the Sheriff that he would hold him responsible for any violation of the law, but sent the militia to help out the Sheriff should they be needed, or to see that the law was obeyed if the Sheriff did not act.

SCOTT'S DEMENT.

WINTER LEAGUE KNOCKED OUT.

ALLEN SAYS FALSE FRIENDS CAUSED HIS DEFEAT.

Amateur Baseball Magnate Throws Down His Hand for Present, but Promises Resurrection Next Summer If All Things Turn Out Well. Joy Park is Now Bad.

"Scotty" Allen has given up his Winter League idea, for the present at least, and there will be no ball game at the new park on Joy street next Saturday and Sunday. Allen gives as the reason his inability to compete with the series of games being played weekly at Chutes Park between the Los Angeles and eastern professionals, and says that false promises of his supposed friends led him to believe that he could make winter baseball a success.

At San Diego the Italians and Pickwick will play as scheduled, and Autrey and Lebrun will go from the Dumas-Cline to play there. The Los Angeles side of the schedule will be dropped, however, and Allen says that he has no immediate plans for the winter of his park. It will probably be idle, except for games to be played there by local amateur teams.

Allen will retain the management of the grounds, and says that if the out-law league plans now being entertained by Manager Palmer of the Pickwick, mature, his park will be used next summer to oppose the Coast League. Palmer, alleged to have said that he will make every effort to start out-law ball in Southern California next summer, in retaliation for the winter opposition now being put up by the Chutes Park games.

Regarding the change in the plans of the Winter League, Allen said, yesterday, "I have decided to call it off in Los Angeles, at least for a time, until there is a better opportunity to make winter ball a success. I was led to go into the proposition by peo-

People who promised to support me, and then turned against me after I had invested my money."

COLORADO NINE.

SAILOR BOYS AT DEL REY.  
The Los Angeles Athletic Club nine will line up against the team from the U.S.S. Colorado, now stationed at Redondo, at Del Rey Sunday. The sailor team is said to be a great bunch of players, and the Athletic Club nine expects to have its hands full.

The club team will line up as follows: Guernsey, pitcher; Stan Mitchell, catcher; Colby, first base; Wood, second base; Morality, third base; Riley, shortstop; Halbritter, left field; Sheehan, center field; Howard, right field.

Baseball War on.  
War is on between the Seal Garden baseball team and the Florence-Oranham nine. The Seal Gardens took their name from the pleasure resort of that name. Later the Florence Grahams secured the Seal Gardens ball park and are now playing their games there, thusing the real Seal Gardens out into the cold. The latter now threaten to build a ball park within a short distance from the enclosed Seal Gardens diamonds and run in opposition. "Red" Perkins is trying to settle the trouble.

Players League Games.  
The Los Angeles ball players and the Eastern Stars will play tomorrow and Sunday at the Chutes grounds, and thereafter will probably play every Saturday and Sunday. Frank Chance will doubtless be in the line-up of one of the teams, and Eddie Householder may also perform. McIntyre for the Stars, and Nagle for Los Angeles, will be the pitchers.

Early yesterday morning, fire destroyed the South Methodist Church and parsonage on Mount Washington, a suburban town of Kansas City.

Grandstand and Stables at Santa Anita Park Near Completion.

MOVING LIVELY.

NIGHT WORK ON ARCADIA TRACK.

CONTRACTOR ALLEN EXPECTS TO FINISH WEDNESDAY.

Grand Stand is Far from Completion, but Double Shifts of Laborers and Mechanics May Be Able to Do Necessary Work—Horses at Ascot Will Be Sent to New Track Sunday.

The Arcadia race track plant may be finished by next Thursday, when the winter season is to open, but there are a great many sports doubtful about it. Contractor Allen apparently has done the best he could, but was delayed by the non-arrival of the steel for the grandstand, and to make up for this, he began working night shifts.

While this scheme of extensive athletic relations of the Cardinal and Southern California is the ultimate idea of the southerners, the immediate plan and the proposal which is being put into effect is the building of the grandstand by next Wednesday. The surfacing of the track is practically finished and as the big crowd is being looked for every night, it should be in fair condition by the end of next week.

Race horses continue to arrive every day and it is probable that the big bunch now at Ascot will be taken to Arcadia on Sunday or Monday, and those that come after Sunday will be shipped direct to Arcadia. The barns over there are in shape to receive them.

Frank Regan and W. O. Decker have a carload due today from New York, in which it is said there will be Klitter, Go Between, Hal, Gallivant, Adoration and Suserain.

Racing secretary John Boden and his assistant, E. Smith, have arrived here from the East and will begin work immediately. Boden intends to return East at the beginning of the new year, and after he has gone Smith will fill the position.

Jockey Booker and wife are now established here and Booker says he will ride at Arcadia, although not as light as he was in winter.

"Lucky" Baldwin was elected president of the racing association yesterday, and while George Rose and Schuchler doubtless will be the managing that is to be done, Baldwin will appreciate the honor given him.

None of the horse sports need expect any steepchase racing at the coming meeting, because there has been no time to provide for such events and they are not popular at any track. Horses that are no good for fat racing are generally put over the hurdles, but such events are not only dangerous to horses and riders, but give too many chances for "fix" races.

Since Baldwin owns Arcadia and is now president of the racing association, the sports are saying that it will be up to him to see whether faro, roulette and the spin-wheel game will be allowed to exist, in addition to the gambling on the ponies. There are all sorts of tales afloat that everything will be run "wide open."

It is said that more than 1200 nominations have been made for the fourteen stakes to be run at the track this winter. It is probable that not more than 125 horses will start in all the stakes, however, as a large percentage of them always go wrong.

Six furlongs: Ardi won, Bragadero second, Apple Teddy third; time 1:17.1-2.

One mile: Comedienne won, Graciale second, Oxford third; time 1:43.3-4.

One mile and a quarter: Red Prior won, Ostreich second, Banker third; time 2:12.

BIRD ELECTED CAPTAIN.

Elongated Sprinter to Lead Occidental Track Men for Third Successive Year.

Owen Bird, 18, was reflected captain of the Occidental track team yesterday by a unanimous vote of the Presbyterian cinder path men.

Bird is the best point winner in field sports at Occidental and as captain last year managed the team well. He has been a first-place man in 440 and 220-yard dashes for two years and has a record of 10.1-5 sec. in the 100-yard dash.

The Presbyterians will begin preliminary track work immediately after Thanksgiving, under the direction of Coach Gohsen. At a later date, Dr. E. S. Merrill, the former Occidental physical director, will take charge of the squad and put on the finishing touches for the intercollegiate meets.

(SPECIAL CORRESPONDENCE OF THE TIMES.)  
STANFORD UNIVERSITY, Nov. 20.—The eighteen men who played on the winning Stanford team in the intercollegiate game against California have been granted their "varity" by the Executive Committee of the Associated Students. The German "G" was also conferred on the six substitutes who occupied the sidelines. Minutary gold footballs were awarded to the men who played in the victorious team, coach Langan, Field Coach Presley, and Trainer Moulton. These trophies which are made to wear as watch charms have been awarded to winning Cardinal teams for the last four years.

The Executive Committee also gave its official sanction to the northern trip for the football team and authorized Manager Knapp to arrange a schedule of games and make all preparation for it.

Perry Howard, a new quarter, has appeared with the High School squad. Sorenson is watching him work carefully. Howard is a light, fast man, and shows good judgment in running the second eleven. He has had some experience with junior teams and with training could make a valuable man for the High School team.

Adamson has represented the school in one game and will play tackle tomorrow. This is the first year he has been at L. A. High, and he is considered the best line smasher on the team. He is fast and powerful, and his defensive work is notable.

Although the Santa Ana boys were defeated by the U.S.C. eleven by a large score, they have improved a great deal, and now have what they call the "second" eleven. The men are fast and heavy, and it is reported that they are "laying" for the local boys.

SAILORS CALL U.S.C. SAY PROMISE IS BROKEN.

Rooters of the U.S.C. Colorado are anxious to have the sailor football team meet U.S.C. in a second game, and have sent a communication to The Times which is in the nature of a continued challenge.

U.S.C. promised the navy team a return game, but after the college team had disbanded the coach refused to put his players in training again. President Howard also disapproved of a second game, hence the challenge from the sailors, which follows:

"U.S.C. Colorado, At Sea, Nov. 21.—When the U.S.C. Colorado's football team played the U.S.C. at their grounds, November 15, the men were given the most emphatic assurance that a return game would be given them. In fact it was the U.S.C. team that made the proposition, and every thing looked lovely and good. The game was held Friday. Since that time our team has tried in vain to get the promised return game."

"Now, it may not be good taste to root through the columns of a newspaper, but it certainly looks as if the University boys have broken their word. We would like to see that return game, right after the last half of the contest, in which our team had them going south."

ST. LOUIS AMBITIOUS.

TO HAVE CRACK COACHES.

(BY DIRECT WIRE TO THE TIMES.)  
ST. LOUIS, Nov. 21. (Exclusive Dispatch.) If the present plans of the St. Louis University management is carried out, the blue and white team will receive coaching at the hands of some of the greatest football stars, locally and nationally, that the gridiron has ever known.

Jim Wear, the old Yale quarterback; Dave Francisco, the Ellipse man; and Ed Stannum, the Princeton line man; Henry Mohrman, the Georgetown tackle, and a number of the local alumni, will be out this week and the early part of next, striving to put on the finishing touches of the season.

Line coaches are especially persona grata, and will be welcomed with open arms at Sportsman's Park. The early sale of tickets for the Thanksgiving Day game has been unprecedented, and already side-line boxes and more than 1000 tickets have been disposed of. Though the number of the local branch of the Nebraska Alumni Association is small, nevertheless they have engaged their seats for the game, and will be the first in a body to cheer the Cornhuskers.

## Taft Leads in Own State

His Managers Have Control of Central Committee.

Confident Convention Will Be for Secretary.

Meeting to Nominate Ticket to Be Held Early.

(BY DIRECT WIRE TO THE TIMES.) COLUMBUS (O.) Nov. 21.—[Exclusive Dispatch.] It is likely that the Republican State Central Committee will be called into session about January 1 for the purpose of calling a State convention to nominate a State ticket and express the choice of the Republicans of the State for a candidate for the Presidency.

The convention will probably be held not later than the middle of February. The Taft leaders are in full control of the State committee and they are now conferring in regard to the matter. State Insurance Commissioner Vorys, in charge of the Taft headquarters here, said this evening when asked to be more explicit as to what he meant in his statement issued last night as to the desirability of a direct expression from the Republicans of the State as to their choice of a Presidential candidate:

"What I hope is that this action (that of the committee of the Republican League of Clubs yesterday) will provoke an early State convention, where the delegates elected for that purpose by the Republicans of Ohio may declare their choice for President. That declaration should be as early as possible. I am satisfied it will be overwhelming for Taft, regardless of the method for the selection of the delegates that may be adopted by the Republicans of the State."

**JUSTICE BREWER EXPLAINS.** No Valued Meaning to His Expression About Presidential Game of Hide and Seek.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Nov. 21.—[Exclusive Dispatch.] Justice David J. Brewer of the United States Supreme Court was apparently a much surprised man when he returned to Washington this afternoon from New York. He declared he had no idea that his speech of last evening would cause such a stir.

"I said the President was playing hide and seek with the nomination," he said, "and I mean it. He has declared that he is not a candidate for re-election, and I take him at his word. I believe him to be an honest man; but I do believe he would like to control the convention. His every action points that way and I am only one of many persons who have called attention to the fact. He is not a man as if he desires to name his successor."

"Do you think Mr. Roosevelt would take the nomination next year if it were offered to him?" asked the reporter.

"I don't know. I thought and still think that the arm hide and seek fits the case very well. When I said a President or other officer should never leave office on an implied promise, and then violate that promise, I did not have Mr. Roosevelt or any one else in mind. I was simply speaking of public servants in general. I have very decided views on the duties of those who are sworn to administer our laws, and I was simply trying to express them as thoroughly as possible. I certainly did not mean to imply that anybody was a traitor."

The President refused to discuss the matter.

**OREGON IS FOR TAFT.** Senator Fulton Says West Will Go Overwhelmingly for Secretary of War.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Nov. 21.—[Exclusive Dispatch.] "I take President Roosevelt at his word when he says he will not run again, and I will favor the nomination of William H. Taft for President," said Senator Charles W. Fulton of Oregon.

Senator Fulton said he did not care to discuss the attitude of his colleagues, Jonathan Bourne, who is the real son pure Roosevelt third-term.

"Mr. Bourne," he added, "for the Oregon delegation," said Senator Fulton, "I believe," he added, "that Secretary Taft will be elected."

He is the strongest and most available man for President. The West is for him.

Bryan will undoubtedly be nominated by the Democrats, and in that case the West will go overwhelmingly for Taft. Roosevelt is very popular throughout the West, but we think he is sincere in his statement and we will not press him to change his mind."

**CAMPAIGN COSTLY.** Committees in San Francisco File Statements Showing Amount Spent in Last Election.

(BY THE ASSOCIATED PRESS—A.M.) SAN FRANCISCO, Nov. 21.—The Democratic and Good Government committees of this city spent \$18,718 in the campaign. These figures are shown in an itemized statement of receipts and disbursements filed yesterday with the County Clerk.

The Good Government League itself filed an itemized statement showing its disbursements to have been \$772, making a total of over \$27,000 spent in the election of the Good Government ticket. According to the vouchers filed the Democratic and Good Government organizations received in contributions \$18,718, and the league \$806.

The Union Labor party campaign committee also filed its campaign statement yesterday, showing it to have received \$270, and to have spent \$178.

**FORAKER BOOM LAUNCHED.** Indorsed for Senator and President by Ohio League of Republican Clubs.

(BY THE ASSOCIATED PRESS—P.M.) COLUMBUS (O.) Nov. 21.—Senator Foraker yesterday was formally indorsed for reelection to the Senate and for the Republican nomination for President at the meeting of the Executive Committee and Advisory Committee of the Ohio League of Republican Clubs. About eighty-five members were present from all parts of the State.

When asked for an expression relative to the action taken at the meeting, Mr. Vorys, manager of the Taft campaign, directed the following statement:

"The resolutions profess that the committee is representing the eighty-

eight counties of Ohio. As a matter of fact, the members of the committee were not elected by the Republicans of the several counties of this State. At the time this committee was announced, it was generally understood that it was appointed and its members were named by a friend and representative of Senator Foraker.

"The action of the committee, therefore, is not surprising. I hope that this action may precipitate what the friends of Secretary Taft so much desire, and that is an opportunity for a direct expression by the Republicans of Ohio of their choice for President. I am satisfied Ohio Republicans are overwhelmingly for Taft."

**PRAISES CANNON.** Representative Lowden Says Speaker Will Have Solid Illinois Delegation.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Nov. 21.—[Exclusive Dispatch.] "Speaker Cannon can have the Illinois delegation to the Republican National Convention for the Presidential nomination," said Representative Lowden today. "He deserves it. I have heard no opposition to him in the State. Speaker Cannon will make a strong nominee. He is well known throughout the country, and his record during his long public life is a good one. He will make an excellent President. He cannot be classed as a reactionary, as in his position of Speaker he has worked in harmony with President Roosevelt and stands for the Roosevelt policies."

"When the fight begins in the convention and the supporters of the favorite sons find their respective candidacies cannot be nominated, a large following will support the nomination of the Speaker. I believe he is the most formidable candidate in the race."

**CUPID IN MOURNING.** CHORUS GIRL AT COUTS WITH LORD.

ESTELLE CHRISTY QUARRELS WITH TITLED SUITOR.

Relative of Rich Son of Proud Earl of St. Germans Near With Pleasure Report That His Engagement With American Song Bird Has Been Broken.

(BY DIRECT WIRE TO THE TIMES.) LONDON, Nov. 21.—[Exclusive Dispatch.] Titled relatives of Lord Elliot, who is the groom, and of St. Germans, were delighted today by news of a quarrel between the young Lord and pretty Estelle Christy, an American, who is known as the "most perfect chorus girl."

It has been reported that Lord Elliot was engaged to marry Estelle and that his father threatened to cut off his allowance in the event. Now comes a notice from Lord Elliot himself that he is not engaged to the shapely stage beauty, and that there never was any real basis for the report of an engagement.

A dispatch from New York says Miss Christy recently threw over Lord Elliot in favor of J. Heron Miller. Another cable quote her as saying she will wed Lord Elliot despite the opposition of the Earl of St. Germans.

It was while she was a chorus girl in Edna May's company that Miss Christy met the groom. At a late supper given at the Savoy in London, her marvelous beauty soon attracted a group of admirers, the most notable of whom was the young Lord. He showered her with costly gifts, made love in true Romeo fashion, and before she had left London he had exacted a promise of marriage, according to reports circulated at the time.

**PICKING UP.** BRIGHTER GROWS THE OUTLOOK.

CONDITIONS THROUGHOUT THE COUNTRY IMPROVE.

Steadily-increasing Supply of Currency in Some Cities Where Financial Stringency Was Most Severely Felt Is Having Good Effect, According to R. G. Dun & Co.

(BY THE ASSOCIATED PRESS—P.M.) NEW YORK, Nov. 21.—Considerable improvement in financial, industrial, commercial and manufacturing conditions is indicated in reports from various centers in the United States which have been received by R. G. Dun & Co.

Some of the cities where the financial stringency was most severely felt a week ago have a steadily increasing supply of currency, and as a result business in general is in a more satisfactory state. The increase in currency supplies at Minneapolis has made it possible for the large elevator concerns to resume the purchase of grain, and as a result trade is assuming normal proportions. Collections are moving more freely and the disturbance in money matters apparently has passed. The restriction governing deposits in Cleveland savings banks is to be lifted. At Boston commercial and industrial conditions are hopeful. There is a noticeable retrenchment in all directions, however, a tendency toward curtailment of production and a slowing down of manufacturing plants.

Boston, Cincinnati, Baltimore, Cleveland and some other cities report good retail business. Although the currency supply is much larger than a week ago in Philadelphia, the financial stringency restrains activity in the wool market. Cloth and suit manufacturers and jobbers of woolen and wholesale dry goods houses note a decrease in demand. In some of the lighter lines conditions are nearer normal.

At Portland, Or., the reaction in wholesale and retail trade as a result of the financial flurry which caused the suspension of two Portland banks was not so great as was feared. The stringency in the money market, however, stopped business in grain and hops, and has checked real estate buying and important building operations. But wheat buying is now resumed on a moderate scale and is expected to attain large proportions as soon as more cash is available, as there has been a heavy tonnage engaged, for which cargoes must be provided.

Oats are going into consumption rapidly and only a trifling proportion of the barley crop remains unsold. Inability to supply currency needs at St. Paul still interferes with the marketing of farm products and collections are below the normal. Buyers are more conservative, but there are few cancellations and jobbing trade holds up well.

## THE CITY IN BRIEF

TIME FOR PAYMENT  
OF COUNTY TAXES  
EXTENDED  
60 DAYS

What a relief!  
NEWS AND BUSINESS.

**Layover Bats Dead.**  
Gilbert E. Lewis, senior partner of the firm of Lewis & Bates, died yesterday morning at his home, leaving a widow and two children. The funeral service will be conducted at the A. M. E. Church at Eighth street and Tuxedo avenue tomorrow at 10 o'clock a.m.

**Struck by Train.**  
T. Tmoe, a laborer, is at the County Hospital in a dangerous condition as the result of injuries sustained in a collision with a work train in the Southern Pacific yards, Wednesday night. The laborer is said to have courted death by standing directly in front of the fast-approaching train.

**Prices Go Up.**  
On account of the heavy expenses incurred in handling the allotment of lands in Kern county under the public subscription plan, the P. M. Clark Company has been instructed to advance the price \$1 per acre on December 1, and will continue this popular land subscription another thirty days if necessary.

**Honors Late Consular Agent.**  
The consular corps at Los Angeles, at a meeting held yesterday, adopted resolutions of respect for the late Hans-Adolf Casarzewski, consular agent in Los Angeles for the Italian government.

The consulates of Mexico, Belgium, Great Britain, Sweden, France, Ecuador, Cuba, Nicaragua, Honduras, and Peru were represented at the meeting.

**Three-fourths for Verdict.**  
Hugo Waldeck and George Clark will represent the Los Angeles High School tonight in a debate at Long Beach. The question is: "Resolved, that three-fourths of a jury should be competent to render a verdict in criminal cases." Los Angeles High School has the affirmative. The Long Beach High School will be represented by Eugene Tiche and Fred Robinson.

**Dies of His Injuries.**  
An inquest will be held today over the body of Jesus Ocas, a Mexican, who was run over by a heavy truck on Ord street Wednesday night, and who died yesterday at the County Hospital. Ocas stumbled and fell directly beneath the wheels of the truck. His face was crushed and his chest caved in. He died from the internal hemorrhages.

**French Evening.**  
Tuesday evening the Alliance Francaise will give an entertainment in Cunnock Hall, No. 1500 South Figueroa street. "La Ronde des Fleurs" will be presented by fifteen young girls, each wearing a costume simulating the flower she represents. Then will follow music and monologues, and finally the principal event of the evening, a comedy, "Mr. Choufleur retera chut lui." J. K.

**Both Arms Broken.**  
Ray Spiers, aged 32 years, living at No. 317 East Twenty-first street, sustained painful injuries yesterday in a fall of thirty-five feet from a scaffold at the Y.M.C.A. building. He was employed in fire-proofing a portion of the building, when the scaffold on which he was at work slipped slightly and Spiers lost his balance. Both arms were broken and he sustained internal injuries.

**Munger's Land.**  
The commissioner of the General Land Office at Washington has affirmed the decision of the local office of the local land office in the contested case of Munger v. Smith against Warren G. Munger, a desert land claimant. The register found in favor of Munger, although he had not made the required improvements within the time fixed by law. It was shown that his land was flooded, and the crops were ruined at a time that he was struggling to complete the improvements.

**Couldn't Live on His Wages.**  
C. V. Harris, janitor of the Mason building, was arrested yesterday afternoon for stealing four bolts of cloth from the Phillips Tailoring Company, room No. 211 Mason building. Harris confessed, declaring that his wages were so small that he was unable to make a living. After stealing the cloth last Tuesday, Harris reported to the police. He also talked with the manager of the company, saying that he believed burglars had used a pass key in gaining an entrance. Harris was suspected of the job and was arrested in his room at Fourth and San Pedro streets. Harris is aged 61 years. He was paid \$25 per month.

# Robinson Company

Several sales of very unusual importance are being arranged for next Monday, among which are Silk Petticoats, Long Silk Gloves, Ribbons, Laces and some others which will be announced in Sunday's papers.

**Misses' \$15 to \$25 Suits**  
On Sale Saturday ONLY AT..... **\$10.50**

Don't let that price cut lead you to think they are hold-overs from past seasons, for they are just from the tailors' hands—the very latest in style and the very richest in materials and tailoring that can be sold in the regular course of business at \$15 to \$25.

In offering them at \$10.50 we are passing you the profits that came to us through being ready with hard cash when the garment makers were sadly in need of it.

The suits are in Prince Chap, Box Coat and semi-fitted styles, all having pleated skirts with bias bands. All jackets satin lined, and many of them with velvet collars.

Red, green, blue and brown shades predominate, both in the mannish mixtures as well as the solid colors. Indistinct checks and pronounced Herringbone stripes on those colorings, too.

Some decidedly smart oxford gray mixtures in the lot. In fact, just about every cut, cloth and color that the fashionable young woman of 14 to 18 years would admire is here. And, on Saturday, only \$10.50 to pay.

Don't deprive your youngsters of such a treat as a visit to this new Toy and Doll store will prove to them. Bring them tomorrow.

Third floor of the new building, where there is plenty of sunshine and perfect ventilation.

**This 25% Discount Ends Tomorrow Night**

Until then you have the chance to make three dollars do the work of four in any of the following departments:

Entire stock of Umbrellas.  
Entire stock of boys' clothing, hats and caps.  
Entire stock of knit underwear except the Deimel Linen Mesh and the Jaeger Sanitary Wool.  
Entire stock of hosiery.  
Entire stock of men's furnishings except Jaeger and Deimel underwear, "E. & W." and "Cluett" shirts, collars and cuffs and the Guyot suspenders.  
Entire stock of white wash goods.

No make-believe mark-downs. The price-tickets remain unchanged, showing just what the articles sold for up to this week. Sales checks will be made out at those prices, and then 25 per cent. deducted from the total amount.

**The Fine Arts of the Oriental Nations**  
Don't think of this new Oriental Department of ours as an ordinary curio store. Instead of being a collection of commonplace articles made up by the Japs and Chinese for export trade, it is an exhibit of the richest and rarest articles of utility and adornment our Mr. McRay could get together in a year's travel through Egypt, India, Persia, Siam, Ceylon, Japan, China, Burmah, Kashmir and Thibet.

## EVENTS IN LOCAL SOCIETY.

**M. R. AND MRS. A. JANSSEN** of No. 1708 Trinity street, will entertain this evening with a delightful dinner and card party in celebration of their first wedding anniversary. The home will be decorated with unique little cotton ornaments. Scores will be kept on cards in the form of wedding bells, and as each guest wins a game a tiny brass bell will be fastened to the card. Only the young people who assisted at the wedding have been bidden. They include Mr. and Mrs. Nathan Lawrence, Miss Evangeline Burgess, Miss Muriel McMillan, Miss Ethel Cline, Miss Margaret Lindsey, Miss Marie Lindley, Marvel Morton, Will Durr, Will Hickey and Roy Jones.

## Surprise Party.

The home of Mr. and Mrs. J. H. Roberts, No. 1247, South Olive street, was the scene of a pleasant surprise party recently, the occasion being the birthday anniversary of Mrs. Roberts. Progressive whist was played, and later supper was served, covers being laid for Mr. and Mrs. Neil Colgan, Mr. and Mrs. James Colgan, Mr. and Mrs. James W. Creed, Mr. and Mrs. J. A. Roberts, Miss Grace Brown, Miss Roberts and Miss Loretta Roberts.

## Curry's Leave.

Mr. and Mrs. D. E. Curry, who were recently married in this city, have left for their home in Arizona. While in Los Angeles they were the guests of their social attention. Several dinner parties and box parties at the theater were enjoyed.

## In Honor of Mr. Barrow.

In honor of George H. Barrow of Five Heights a surprise party was given last night at the home of Mrs. J. H. Roberts. The evening was spent playing progressive whist. Among those present were Miss Grace Brown, Miss McClelland, Miss Hazel McClelland, Miss Mildred Sate, Miss Dora Harris, Miss Greta Sate, Miss Gladys Myers, Miss Margaret Henderson, Miss Lora Platt, Miss Gladys Hoot, Miss Maude Barrow, Miss Lora Henderson, Miss Letitia Barrow, Dean Carl Meyer, Oscar Jetty, Mr. Thompson, E. E. Vail, W. Goetz, E. Henderson and C. Barrow.

## Princess to Receive.

Mrs. William H. Anderson of No. 21 Lakewood avenue, Ocean Park, who is entertaining as her house guest her sister, Princess Lazarovich-Irebelianovich, will receive with the Princess every afternoon after 4:30 o'clock, until the Princess's departure.

## Engagement Announcement.

## PATRIARCHS.

**SIXTY-SECOND YEAR OF JOY.**

**OCTOGENARIANS TO CELEBRATE HAPPY EVENT TODAY.**

Four Generations to Be Represented at Wedding Anniversary of John McMillon and Wife, Who Have Been Pioneers in Various States and Think This the Best.

With their nine children, twenty grandchildren, and twenty great-grandchildren, most of whom are sturdy sons and daughters of the Golden State, Mr. and Mrs. John McMillon, who have lived in Los Angeles since the pioneer days, will celebrate today the sixty-second anniversary of their marriage, at the McMillon home, No. 1124, San Julian street. Mr. McMillon, who is 82 years old, is as active and hale and hearty as most men half his age. His wife is 81 years old.

The celebration will be a quiet one, at which all members of the family now in Los Angeles will be present. Four generations of McMillons will help the aged couple spend their anniversary.

Life has been fraught with picturesque for Mr. and Mrs. McMillon. They have been pioneers in four States. After their marriage in London, Ont., in 1845, they moved from their home in Canada to the almost unexplored forests of Michigan, traveling in ox carts almost all the way. There, as sturdy young farmers, they hewed away the trees and laid the foundations of a small farm. About two years later, however, farming was given up while Mr. McMillon mounted the top of a stage coach and became the United States mail carrier between Lexington, Mich., and Port Huron.

New lands proved too much of an attraction to the couple in 1855, and with light hearts they sailed forth across the prairie to the more promising Iowa. When the gold fever swept over the Central States in 1860, Mr. and Mrs. McMillon again migrated, this time to Pike's Peak. During his stay in the gold fields there, Mr. McMillon located and named the town of Central City, in the heart of the Rockies.

Early in 1882, the couple started across the country in a train of oxen and four months later, after a dangerous trip, landed safely in Marysville, this State. There he bought a small farm and worked it until 1890, when the couple, with their ten large and growing family, came to Los Angeles.

"The winter after we came to Los Angeles," said Mr. McMillon, "the census was taken and it showed the full population, counting everybody that could be raked and scraped together, to be 11,300. We thought it was quite a town then and I do not believe any of the pioneers ever thought Los Angeles would grow into one of the greatest cities in the United States."

"In all the years Mrs. McMillon and I have been in California, we have not been sick a day. I am as healthy as I was at 25 and can get out and walk fifteen miles a day without feeling a bit tired."

The living children of this aged couple are: Mrs. Sarah Walker, Mrs. Mary H. McClelland, Mrs. Nancy Bruce, and Mrs. E. T. Hughes of Los Angeles; Mrs. Jane Spillman of Marysville, Mrs. Corneille Burnett of San Francisco, W. H. McMillon of Dixon, Mrs. Lucy Gordon of Hawkinsville, and Rufus H. McMillon of Phoenix, Ariz.

**CHANGES IN BEET FORCE.**

Several important changes have been made in the work of the Beet Force of the Beet Sugar Co. of this city. Charles W. Sherrwood, formerly local manager for the Beet Packing Company, has succeeded E. A. Beck as business manager at Visalia. Louis Hache, one of the foremost beet agriculturists in the United States, who came here about ten years ago from France, and who until last week was established at Corcoran, is at present proceeding at the rate of 600 acres a week. It will take almost a month before all the beets are planted, owing to the fact that the company has 16,000 acres under cultivation at Visalia and at Corcoran. The new plant is rapidly nearing completion in the latter place.

Mrs. A. Janssen, who will entertain with a dinner and card party this evening.

and Alfred J. Balmforth, two well-known and popular young people. The bride-elect is a daughter of one of the oldest families of this city and the groom is a mining engineer of Montana, but at present in Arizona. The wedding will probably take place this winter.

## Interesting Wedding.

An interesting wedding of this week is that of Miss Emma Eschke and Will J. Cooper, which will be solemnized Wednesday. Miss Eschke, who is a daughter of Mrs. Sophie Belmont of this city, has chosen her cousin, Miss Esther Ribbald, to assist as maid of honor and the best man will be William Eschke. Little Philip Rowntree will carry the ring. The Rev. Will A. Knighon, pastor of the Union-avenue Methodist Church, will perform the ceremony.

## CAUGHT IN THE NORTH.

San Francisco Police Capture Alleged Forger Who Is Wanted by Los Angeles Authorities.

The San Francisco police yesterday arrested Max Sauls, wanted here on a charge of forgery, preferred by Mrs. Hester Brown of Goldfield.

N. C. Robinson was arrested here some months ago on a charge of sending obscene literature through the mails. The letter taken up by the authorities was a letter addressed to Mrs. Brown, who came to Goldfield to defend Robinson. While here she told Robinson that if he needed any aid she would give it to him.

Later Max Sauls, known as "Yellow Mike," visited Robinson. They had been friends for some time, and Sauls persuaded Robinson to sign an order for two diamond rings to be secured from Mrs. Brown. These rings were to be pawned and the proceeds used to fight the case against Robinson. It is alleged Sauls forged a similar order, secured the rings, and pawned them, and then departed with the money. One of the rings has been recovered. Sauls will be brought back to Los Angeles immediately.

## DRAINAGE CONVENTION.

The National Drainage Convention will be held in Baltimore on Monday, and vegetable growers of Southern California are interested in the outcome of the work to be taken up by the delegates. The fact that the drainage bill, which was presented to Congress by Senator Flint at the last session, will receive special attention.

Mr. and Mrs. L. Fritsch, "globe trotters," from Glogau, Germany, are guests at the Lankershim Hotel. They expect to stay three or four weeks in Southern California.

**ECZEMA ONLY SKIN DEEP**

Proven by Records Now on Display at Sun Drug Co. Stores.

The old theory that skin disease was caused by bad blood or a disordered internal system has been proven a false one. It is now well known among up-to-date skin specialists that skin disease is caused by a germ in the skin and that this germ must be killed by local treatment.

The Sun Drug Co. has in its possession hundreds of letters from persons formerly suffering from eczema, psoriasis, salt rheum, and other diseases of the skin. They also have pictures of men, women and children showing the skin diseased, cracked and bleeding, while a few months later it is clean, soft and smooth with every trace of the disease wiped out. All these cures were made by a local external application of D.D. D. Prescription, a remedy that instantly stops all itch and quickly kills the disease germ, effecting a permanent, positive cure.

Here is a simple letter from J. Dalton, Wildershe, Mo.: "I have used the bottle of medicine you sent me and am now a well man. Please accept my heartfelt thanks. Your remedy cannot be praised too much." Every sufferer of skin disease can see such letters by calling at the Sun Drug Co.'s stores, and also secure without charge a book on the cause and cure of skin diseases.

# CHRONIC STOMACH TROUBLE

Cured by the Tonic Treatment With Dr. Williams' Pink Pills.

A great many people who are suffering from indigestion are suffering unnecessarily. They can be cured.

Proper attention to the diet and the right remedy to tone up the weakened organs are all that is required.

The symptoms of stomach trouble vary. Some victims have a ravenous appetite, some loathe the sight of food. Often there is a feeling of weight on the chest, a full feeling in the throat. Sometimes the gas presses on the heart and leads the sufferer to think he has heart disease. Sick headache is a frequent and distressing symptom.

A very delicate stomach requires easily digested food but nature never intended that the food should be digested before it is eaten. The stomach must be strengthened to perform its own work, and what it needs is not food already digested but a tonic. The processes of digestion are controlled by the blood and nerves, and medical science has produced no better digestive tonic than Dr. Williams' Pink Pills.

"I had been troubled with nervousness for some time," says Miss Julia Van Bickie of 724 N. 9th street, Fort Dodge, Iowa, "and last winter I suffered a great deal from loss of appetite, general weakness and exhaustion. The cause, I think, was overwork teaching school here. My stomach was constantly filled with phlegm, which gave me an extremely unpleasant feeling, and I had no desire for food of any kind. Every night I had a high fever, which would continue until I fell to sleep. It would then go down and in the morning I would not notice it at all. I had a nervous headache nearly every afternoon, especially when I began to get tired. My heart also troubled me—skipping a beat every once in a while.

"My father urged me to take Dr. Williams' Pink Pills as he thinks very highly of them. In a few days I saw they were helping me. My appetite returned and I have not been bothered by stomach trouble or nervousness since. I always keep Pink Pills on hand to take as a tonic, when I feel tired out. I firmly believe they saved me from a severe and prolonged illness."

Dr. Williams' Pink Pills are a doctor's prescription, used by an eminent practitioner, and for nearly a generation known as a reliable household remedy throughout the United States. Needless to say, no medicine could retain popular favor for so long a period without having great merit. Added to this is the absolute guarantee that the pills contain no opiates or narcotic and are entirely harmless.

Dr. Williams' Pink Pills are sold by all druggists, or direct by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

Gents, the new pastor of the Highland Park Presbyterian Church, "and is invited to attend the meeting."

ALMOST PERFECT SUBSTITUTE CAN NOW BE MADE.

Tabbyite, the newly-discovered mineral in Wyoming fields, when combined with elastite, strongly resembles crude rubber, and when burned has characteristic odor.

Probably the most prolific oil fields in the variety of their products to be found in America are those in the State of Wyoming, and although the output of each particular product may be small, yet the variety of the products is such as to pass the State into oil traditions for a long time to come.

The Pittsburgh-Salt Lake Oil Company has discovered a new mineral, which will in time stand a fair chance to drive natural rubber off the market in many places where it is not indispensable.

This discovery is called "tabbyite," immortalizing for all time Chief Tabby of the Ute Indians, the old redskin, who is noted for more things than leaving his name to go down to posterity as a new stone. In color this curious product of the earth is a glossy black, and appears to be finely polished, even upon first leaving the ground. When burnt the odor closely resembles that of an old rubber boot when committed to the flames.

Tabbyite is one among a group of hydro-carbons, included among which are glauconite (pure bitumen), onkerite (native paraffine) and elastite (mineral rubber). It is this latter which is combined with the newly discovered tabbyite to make an almost perfect caoutchouc. Formerly, elastite, although known, could not be successfully converted into commercial rubber. It is insoluble in cold, and requires retorting to melt. Up to the present time it has been largely as protective coatings for wood and metal.

The discovery by the Pittsburgh-Salt Lake Company of tabbyite, which is not placed on the government lists of hydro-carbons, makes elastite a valuable asset in rubber making where formerly it could not be used as such. The company owns all the known deposits of the new mineral. Elastite is taken chiefly from the Wyoming fields, other known deposits being few. It is extracted from fissures, being formed in vertical strata, which rarely dip to any degree. How far down these strata go is unknown, as the company has contented itself with surface development. Up to date it has blocked out 1,750,000 tons of the two minerals. These, when combined, are invaluable for rubber roofing, solid rubber tires, insulators and other uses. The company will shortly erect a large factory at Salt Lake where paints and varnishes will first be manufactured, and this new "mineral"

rubber gradually taken up. On the property owned by the company are 10,000 acres of asphalt lakes and deposits, and 28,000 acres of oil and gas lands. The government has just placed the oil production at the following figures: 1894, 2300 barrels; 1895, 2455; 1896, 2771; 1897, 3650; 1898, 5475; 1899, 5090; 1900, 5450; 1901, 5600; 1902, 6285; 1903, 1004; 1904, 11,542; 1905, 1204; 1906, 1900.

**UNDER SURGEON'S KNIFE.**  
Henry B. Harris, the Theatrical Manager, is Operated Upon for Hernia and Kidney Trouble.  
**NEW YORK, Nov. 21.**—Henry B. Harris, the theatrical manager, has been operated on by Dr. Charles A. Elsberg, of the Mount Sinai Hospital, it is stated today, for hernia and kidney trouble.  
Dr. Elsberg says Mr. Harris is now doing as well as could be expected and that he entertains every hope of his speedy recovery.  
Mr. Harris had suffered much for some time, but he engaged busily in his theatrical affairs until a few days ago. He was devoting a great deal of time to a revival of "The Chorus Lady."

**LURKING IN LOWER LEVELS.**  
**GAS FOUND AT BOTTOM OF TWO MINES AT BISBEE.**  
Prompt Precautions Taken, and no Accident Results — Miners Worked on Fifteen-minute Shifts. Bisbee Strip Above Par—Financial Tangle Hits One-legged Man.  
**BISBEE (Ariz.) Nov. 20.**—Several days ago, miners working on the lower levels of the Irish Mag shaft of the Calumet and Arizona Company and the Spray and Gardner shafts of the Copper Queen Company encountered gas coming from worked-out stopes. The cause of the formation of the gas has not been determined. Though fire has not been detected, it is believed that some of the old timbers in a buried stope have caught fire, thus depriving the air of oxygen, filling the lower levels so full of carbonic acid gas as to render them dangerous to human life. It may have been generated, also, largely from chemical decomposition of sulphur and iron. The region affected is near the dividing line of the ground of the two companies. The superintendents of both corporations were quick in action against the threatened danger, and all passageways leading into the affected portions have been securely bulkheaded off from the rest of the mine. Air pipes were put in, and through them compressed air was pumped down to the miners at work on the bulkheads. Now it is proposed that the pipes shall be extended into the gas-filled stopes, with the intention of bringing the gas to the surface. For a while there was much excitement, as the miners were poured in to work on the bulkheads in shifts of fifteen minutes each.  
That the clearinghouse action of the local banks has not particularly affected trade is shown by the advertisements of local merchants, who offer to take clearinghouse certificates at the rate of \$1.10 on the dollar for all goods purchased.  
One feature of the limitation of currency to clearinghouse checks was a cash-on-delivery parcel which came through the express office at Paradise to George Corryell. The charges were \$8, and that amount of real cash was hard to find in all the camps, though bank paper was there in plenty. The gravity of the occasion can be appreciated when it is understood that the parcel contained George's artificial leg, and he had become very tired, indeed, going around on crutches. Still, with many scathing criticisms on the banking institutions of the entire East, he managed to stump around from house to house, working his excellent credit until he had accumulated enough real coin of the realm to put himself upon a proper footing.  
Difficulties are springing up over the extension of the new electric railway from Warren townsite up through Lowell into Bisbee, and a condemnation suit is being fought most bitterly in the District Court at Tombstone. Possibly the milk in the cocoanut may be tasted in the rumor that has gotten about that the franchise for the electric railroad has been a matter of investigation lately on the part of El Paso and Southern Pacific, which has had a monopoly of the traffic heretofore.  
Over in Douglas, Barry Ellerslie and wife ran a restaurant. They have just retired from the business of private banking, having had an experience which shows them very plainly that even clearinghouse certificates are superior to no wealth at all. They had drawn \$700 of their hard earnings from the bank, and had hidden it in the bowl of an old lamp, away up on a bedroom ceiling. Despite their ingenuity, their safe deposit vault was found without trouble by burglars, who entered the house one evening while its residents were temporarily absent. Mrs. Ellerslie returned while the burglary was in progress, and did her best with a large hatch, valiantly jabbing a burly ruffian, who tried to take with him as he fled a gold necklace that the lady wore. He managed to escape, and of him and the \$700 there can be found no trace.  
**DOCTOR'S PRESCRIPTION FOR BILIOUSNESS.**  
A celebrated German physician, consulted as an authority on liver and kidney troubles by the people of means from all parts of the world, gives the following formula as the most reliable to be used in all cases of sluggish liver, the signs of which are sallow complexion, headaches, skin eruptions, nervousness, biliousness, weak heart, sleeplessness and general run-down feeling. He says these symptoms are caused by the liver not acting naturally, which in turn causes all the work of this important organ to be thrown on the lungs, heart and kidneys, greatly overworking these parts and thereby putting the system in a condition whereby it cannot resist the slightest illness without danger of serious results. If the liver acts properly, the digestive and bowel movements are healthy, as the proper flow of bile is necessary for nature to perform her work. To put the liver and kidneys in a condition to keep all the internal organs properly working, he gives the following formula: One ounce Heptonia, one and a half ounces Simple Elixir, one and a half ounces Elixir Callaya Bark. Mix well and take one teaspoonful in water 2 to 4 times a day; children in proportion. These vegetable ingredients are obtainable from any good prescription drugist and easily mixed. He also lays great stress on the fact that a properly acting liver is the secret of freedom from dyspepsia, kidney and heart trouble.

## CUPE CUPID. ELOPEMENT OF TWO CHILDREN.

BOY OF SEVENTEEN RUNS AWAY  
WITH SWEETHEART.

Young Couple Married in San Bernardino County and Now His Millonaire Papa Will Have Something to Say—Arrangements for Tournament of Roses Ball.

PASADENA, Nov. 21.—One of the most notable, one rich boy, whose wealthy parents are in the East, and a willing and a willing girl, were the features of a runaway marriage which has started local society. The contracting parties are Jacob Jay Vandergrift, 17 years old, and Miss Louise Lucile Lord of Los Angeles. With some knowledge of the temperance of Joseph B. Vandergrift, the youngsters may not have such pleasant sailing.

Since the departure of his father and mother for the East, young Jacob Jay has been very much smitten with the charms of the fair girl he has taken to wife. His parents thought the whole affair was a mere youthful fancy, and that he would outgrow it with his salad days. Not so the boy. Yesterday he determined to bring matters to a focus. Therefore he took his fiancée for an auto ride which began in Pasadena, took in the license clerk's office in San Bernardino, and proceeded to Cucamonga, where Justice of the Peace Sheldon tied the knot for the young couple.

Young Vandergrift did not hesitate to commit one of love's little sins by informing the County Clerk at San Bernardino that he was of age, and competent to contract matrimony. It is understood that the young lady is also slightly under age, but doubtless she could have got her father's consent, as it is reported that the bride's father is well pleased with the match. The youth has been eagerly petitioning the newspapers to keep the matter quiet, but without success. He wants to break the news to his mother in his own way.

Mr. Vandergrift, Sr., is not a gentleman to trifle with. It is related of him that once he started a fine estate at Asheville, N. C. It is said that he put in about \$1,000,000 on this estate. He owned many fine houses, and was at large and his plantation was a rival to the famous Biltmore of the Vanderbilt name. The estate was sold at a fire broke out in his stables. Before the stock could be removed, three or four of his favorite horses were burned to death. This accident so thoroughly disgusted him that he promptly sold the \$1,000,000 estate for less than \$300,000.

Miss Lord that was, is the daughter of Col. Lord, who has a ranch near Pomona, and the young man who has made this early venture in matrimony is an heir to many millions. The end is not yet.

**STRUCK BY DERRICK.**  
When a guy rope save yesterday at the Holmes marble yards young Fred Holmes received a blow of the big mast in that region described by the old woman "between the house and the barn." Although the derrick weighs more than a ton, the youth was not seriously injured. The young man is the son of Thomas Holmes. He was engaged in holding a marble block weighing about four tons when the guy rope broke. He was standing before the derrick, and the great machinery toppled over. He was knocked several feet and rendered unconscious.

**TOURNAMENT BALL.**  
It has been arranged to hold the ball following the Tournament of Roses at the Hotel Green, according to custom. Preparations are now under way to make this a greater and more elaborate event than in former years. The several committees are working hard to bring all the details into shape. A general effort is being made toward economic administration, as the association has in mind the holding of the grand stand and half mile track to include a part of the grounds of every variety of rose grown will find a home. For this reason the association is scrutinizing the bids more carefully than last year or any time previously, and contracts are being let only to the lowest responsible bidder.

Some agitation has been started by Henry A. Dorman, who feels sure that he will get the contract to decorate the grounds. He has caused to be published the statement that this contract has been let to Los Angeles people. On this point Kingsley H. Stevens says: "No one outside the committee knows what has been done. The association is still under consideration. This criticism of Mr. Dorman is the first that has been uttered."

For two years Dorman has been a candidate for the secretaryship of the association. He says that he expended more money on the decoration of the grounds last year than the contract brought him. Speaking of this one of the directors says: "If that is the case, as a good business man he ought to be glad if he loses the job, as we do not want to take his money away from him."

**HOTEL MAN EXPECTED.**  
According to advice received from A. W. Hodgdon, manager of the Hotel Raymond, he will arrive with his wife to take charge of affairs tomorrow. He is on his way home from Boston, and will stop over at the Grand Canyon for a day or two. This advice his friends here that indications in the East are for the greatest rush of tourists to Southern California has ever known. He writes that he has made close investigation and can find no bad influence upon the main travelers from the recent flurry. The Hotel Raymond will open December 17, and the reservations are crowding in. If these reports are of the slightest significance the season will be a record-breaker.

**TO ADDRESS LEAGUERS.**  
It is announced that Benjamin S. Haywood, D.D., a noted missionary, will address a mass meeting of the Epworth League of this city next Sunday evening at the Lake Avenue Methodist Church. Fully 800 leaguers are expected to be present. Special music has been selected for the occasion, and Oliver O. Clark, State president of the league, will be present. Dr. Haywood had a dozen invitations to speak next Sunday, but he accepted this because it gives him the opportunity to talk about conditions in Porto Rico before so many young people, whom he deems especially interested in the missionary work.

**BANK'S OPENING DAY.**  
After enlarging its quarters so that its customers will hardly recognize the place, the Union Savings Bank will hold an opening day this morning and will welcome its friends. They

HOLDS UP MISS SIXBY IN HER  
STUDIO AND ESCAPES.

Makes Prisoner of Artist After Robbing Her, but She Refuses to Prosecute—Carnegie Finally Decides to Devote Some Coin for a Long Beach Library—Many Thefts.

LONG BEACH, Nov. 21.—After robbing a one-legged lady, Willis Rhodes, known as "Peggie," from the street and for six months attempting to make a man of him, he boldly held up his benefactress, Miss Fannie Sixby, in her art studio, college, and after robbing her of \$11, coolly smashed the telephone transmitter, cut the telephone wires with a pair of scissors and made his escape.

Miss Sixby, grieving over the rank ingratitude of the boy she befriended, will not prosecute, but Manager Austin of the Home Telephone Company will be an officer and squire's charge of mutilating the company's property.

Rhodes' case is pitiable. Born a cripple, his deformed leg was amputated, while a baby and after his mother died. His father neglected him and when he was four years old the boy was adopted by Agnes Griffiths of this city. As the boy grew up he became unruly and two years ago Miss Griffiths was released by the court from her guardianship.

Six months ago, a waif of the streets, he was noticed by Miss Sixby, who engaged him to pose for her. The artist became interested in "Peggie," and hearing him express a desire for a course in business, college, and tuition. The boy found study irksome and quit school. Since then he has been frequently aided by Miss Sixby, but to no purpose. Finally she told him he would have to look to himself in the future.

At noon he entered the Sixby block and hid in the hallway, until a young woman, who occupies the studio with him, came in. He entered and, confronting Miss Sixby, rudely demanded money. Miss Sixby replied that she had no money, and that she would help him no more.

"Then I'll just take it," said the young man, and snatching the "Fannie" lock in the door seized her purse on the desk and appropriated its contents, \$11. Then, picking up a pair of scissors, he cut the telephone wires and broke the transmitter.

Miss Sixby, who had watched the proceedings in the room, was so tempted to reason with her protégé, but he listened sullenly and contemptuously to her pleading, and then he fled. Miss Sixby could do nothing because she couldn't catch him. He then walked out of the door, locking it behind him, and made his escape.

Miss Sixby remained a prisoner for some time, but finally attracted attention and was released. The police are looking for Rhodes, but he has probably fled. He is 18 years of age, and has been in trouble several times with the local police.

**CARNEGIE GIVES UP.**  
Rev. Charles F. Carnegie, president of the local library board, has given up convincing Andrew Carnegie of the size and importance of Long Beach and as the result of a personal interview with him sent the following telegram from Thompsonville, Ct., to Miss Victoria Ellis, librarian, who received his letter. "We get \$20,000; look up that deed."

The deed in question is a quit claim deed for the schoolhouse and library, in Pacific Park. Plans for the building have been prepared by Architect F. P. Burham of Los Angeles, and are available for immediate use. The negotiations which have led up to the securing of a Carnegie library for Long Beach have covered a period of nearly five years, and at one time the local library board had practically decided to discontinue them.

The present plan of the library board is to leave uncompleted for the present the second story of the building and make no embellishments, merely equipping it for the immediate needs of the school and library. The plan for the library originally set aside each year for its maintenance. Long Beach, however, has been unable to complete the building within the time specified, and for the past three years it has exceeded the required time.

**STRIKES LONG BEACH.**  
The wave of crime prevalent in Southern California broke in Long Beach last night and six robberies were reported to the police this morning. Yesterday afternoon, when the residence of B. F. Bond at Third and Golden streets was entered, but the thieves were driven away by the school alarm of the boys' school, which alarmed the thief, who escaped with little of value.

The other five robberies occurred during the night and were evidently the work of one sneak thief, who in each case appropriated the trousers of the sleeping householder and robbing them while making his escape, dropped the garments after completing his work.

T. J. Johnson, at No. 225 West Fourth street, found his trousers stuffed in a wood box in the kitchen with \$4 missing. Mr. and Mrs. E. J. Jones, at No. 1135 East Ocean avenue, were aroused by the thief, who made his escape at 2:30 o'clock a.m. A belated boarder at the Beach apartments on American avenue, surprised the thief with the trousers of Robert Smith. The fellow carried off \$20. W. F. Martin, at No. 225 East Third street, when he dressed, found that a watch, knife and \$1.50 in money were missing. Horace Jones, at No. 240 East Fourth street, lost \$8 and also his trousers.

His father neglected him and when he was four years old the boy was adopted by Agnes Griffiths of this city. As the boy grew up he became unruly and two years ago Miss Griffiths was released by the court from her guardianship.

Six months ago, a waif of the streets, he was noticed by Miss Sixby, who engaged him to pose for her. The artist became interested in "Peggie," and hearing him express a desire for a course in business, college, and tuition. The boy found study irksome and quit school. Since then he has been frequently aided by Miss Sixby, but to no purpose. Finally she told him he would have to look to himself in the future.

At noon he entered the Sixby block and hid in the hallway, until a young woman, who occupies the studio with him, came in. He entered and, confronting Miss Sixby, rudely demanded money. Miss Sixby replied that she had no money, and that she would help him no more.

"Then I'll just take it," said the young man, and snatching the "Fannie" lock in the door seized her purse on the desk and appropriated its contents, \$11. Then, picking up a pair of scissors, he cut the telephone wires and broke the transmitter.

Miss Sixby, who had watched the proceedings in the room, was so tempted to reason with her protégé, but he listened sullenly and contemptuously to her pleading, and then he fled. Miss Sixby could do nothing because she couldn't catch him. He then walked out of the door, locking it behind him, and made his escape.

Miss Sixby remained a prisoner for some time, but finally attracted attention and was released. The police are looking for Rhodes, but he has probably fled. He is 18 years of age, and has been in trouble several times with the local police.

**CARNEGIE GIVES UP.**  
Rev. Charles F. Carnegie, president of the local library board, has given up convincing Andrew Carnegie of the size and importance of Long Beach and as the result of a personal interview with him sent the following telegram from Thompsonville, Ct., to Miss Victoria Ellis, librarian, who received his letter. "We get \$20,000; look up that deed."

The deed in question is a quit claim deed for the schoolhouse and library, in Pacific Park. Plans for the building have been prepared by Architect F. P. Burham of Los Angeles, and are available for immediate use. The negotiations which have led up to the securing of a Carnegie library for Long Beach have covered a period of nearly five years, and at one time the local library board had practically decided to discontinue them.

The present plan of the library board is to leave uncompleted for the present the second story of the building and make no embellishments, merely equipping it for the immediate needs of the school and library. The plan for the library originally set aside each year for its maintenance. Long Beach, however, has been unable to complete the building within the time specified, and for the past three years it has exceeded the required time.

**STRIKES LONG BEACH.**  
The wave of crime prevalent in Southern California broke in Long Beach last night and six robberies were reported to the police this morning. Yesterday afternoon, when the residence of B. F. Bond at Third and Golden streets was entered, but the thieves were driven away by the school alarm of the boys' school, which alarmed the thief, who escaped with little of value.

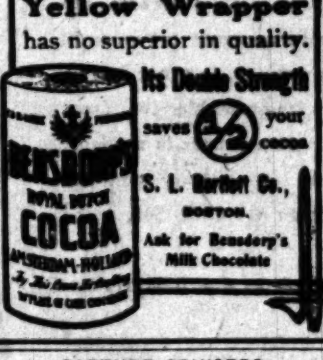

The other five robberies occurred during the night and were evidently the work of one sneak thief, who in each case appropriated the trousers of the sleeping householder and robbing them while making his escape, dropped the garments after completing his work.

T. J. Johnson, at No. 225 West Fourth street, found his trousers stuffed in a wood box in the kitchen with \$4 missing. Mr. and Mrs. E. J. Jones, at No. 1135 East Ocean avenue, were aroused by the thief, who made his escape at 2:30 o'clock a.m. A belated boarder at the Beach apartments on American avenue, surprised the thief with the trousers of Robert Smith. The fellow carried off \$20. W. F. Martin, at No. 225 East Third street, when he dressed, found that a watch, knife and \$1.50 in money were missing. Horace Jones, at No. 240 East Fourth street, lost \$8 and also his trousers.

VENICE, Nov. 21.—David Evans of the Naval Reception Committee returned from Redondo tonight, after a conference with the officers of the squadron in relation to the programme of reception to the fleet and entertainment of the officers while the ships are at Venice. According to present plans, the quartette of warships will steam into the harbor Saturday afternoon, and anchor just off the Kinney breakwater at the end of the Windward-avenue pier.

Saturday night there will be fireworks from the end of the pier and the breakwater, and at the dancing pavilion during the same evening there will be an officers' and sailors' ball. At 2 o'clock Sunday afternoon the entertainment committee will take Rear Admiral Dayton and the forty officers for an automobile ride over the foot-hills boulevard and to the Soldiers' Home. That night the naval minstrels may give their minstrel performance at the auditorium.

Proceeding the automobile ride there will be an excursion over the canals in gondolas. Monday evening there is to be a reception and banquet for the officers and a few friends. This will be aboard the Cabrillo. Tuesday morning the fleet will set sail for the north.

**WANT WIRE FLIGHT.**  
The two thousand and more members of the National Soldiers' Home near Santa Monica have expressed a willingness to cooperate with the Board of Trade, Chamber of Commerce, City Trustees and other municipal organizations of the city of Santa Monica Bay in endeavoring to encourage the Navy Department to send the Atlantic fleet to this bay for the purpose of manuever. The location is an ideal one, and the squadron comes into the Pacific next spring the hope is unanimously expressed among the shore people that the advantage may be taken of this roadstead.

**"Hotel del Coronado" for comfort.**  
**LOS ANGELES.**  
SAWTELLE, Nov. 21.—R. Fish was the victim of an extremely painful accident today. He was digging a well at the schoolhouse, and had attained a depth of forty-five feet, and while at work in the bottom of the well he fell. He was badly hurt, and was apprised of the mishap, and attempted to dodge the missile, and succeeded in dodging it, but the bucket struck and broke his arm and mashed his hand. He was fortunate in that he lost several fingers.

**HOLLYWOOD.**  
HOLLYWOOD, Nov. 21.—Mrs. Robert J. Burdette addresses the Woman's Club and Child study circles of the First Fremont and Los Feliz schools in the women's clubrooms tomorrow afternoon. Her subject will be "Purification."

The local Board of Trade has furnished streamers for the cars which are to take Hollywood "rooters" to the Hollywood-Harvard football game, to be played Saturday on the Harvard campus.

**TOMATO GROWERS PLEASED.**  
WHITTIER, Nov. 21.—Tomato growers and Orange counties, by special invitation, inspected the tomato patch of the pathological laboratory here yesterday for the purpose of viewing the practical evidence of what can be done to eliminate the tomato blight. They were enthusiastic over what they saw, healthy vines and fine fruit. This was accomplished by a liberal use of the "Tomato Dip." This season's tomato crop was nearly ruined by the blight, but now that there is a way to successfully fight it, the growers assert that they will plant increased acreage next season.

**POMONA POINTS.**  
POMONA, Nov. 21.—A large force of Mexicans commenced putting down tiles and laying the rails of the new electric road on Holt avenue for the Pacific Electric Company this morning. The first tracks are being laid from Garey avenue west to Huntington Boulevard Tract, through which a forty-foot free private right of way runs. The road will be built by the Pacific Electric Company. Surveyors are now making the survey on Garey avenue. The new packing-house and pre-cooling plant of the Pomona Fruit Growers' Exchange, now being built on East First street, will be one of the most complete in California.

**ROBBER NOT REWARDED.**  
WHITTIER, Nov. 21.—The office of the Whittier Lumber Company was entered last night, the burglars making their entry by cutting out the glass of the office door. The safe was not locked, but contained no cash. The cash register was taken away and has not yet been located. It too, had been emptied of cash, so that the thieves must have gone away practically as empty handed, as when they came.
